Inspiration Nordic Light

La tendance scandinave trouve son origine dans la simplicité. Nul besoin de couleurs éclatantes, les murs s'habillent de couleurs claires aux teintes blanches, beiges ou grises. Le bois y est seul maître, baigné dans une douce lumière.

Adoptez le style nordique, chaleureux et reposant, et ce en dépit du temps qu'il fait dehors. Sous un plaid et avec un bon livre, laissez vous cocooner.

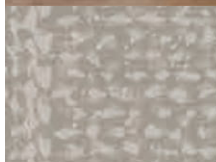

La sélection de Catherine:

A Scandinavian interior is about simplicity. No riot of colours, the walls and furniture are all in light tones; white, beige, gray. Wood is the material of choice - for furniture, floors, ceilings. The focus is on a bright, well-lit space.

Enjoy the northern lifestyle, restful and warm, whatever the weather is doing outside. Why not curl up under a woolen blanket with a good book.

Inspiration Urban Loft

Le style urbain se nourrit de contrastes et d'idées originales. Mélange d'acier, de structures industrielles et de grands espaces, ce style met à nu les matériaux qui le compose. N'ayez plus peur du noir ou du gris.

Transformez votre espace en loft cosy et fonctionnel.

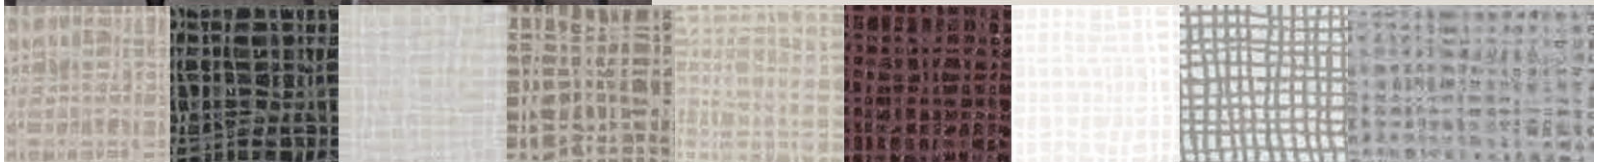

The industrial style is full of contrasts and off-beat ideas. Living in factory spaces, showing off the infrastructure conduits, joining-up to create large open spaces. Glass, steel, brickwork, concrete, everything exposed. The walls don't have to stay white. Don't shy away from dark grey or black.

In the loft you'll always have the space to make it modern and make it your own.
