

Novelio® Decoration

Revêtements muraux à peindre décoratifs

Stylish, paintable wallcoverings

Pour des pièces saines et originales

Les revêtements muraux à peindre en fibre de verre ADFORS Novelio® Decoration sont résistants à l'abrasion et offrent de nouvelles perspectives de décoration intérieure. Fabriqués à partir de matières premières naturelles et sans PVC, certains produits de la gamme contiennent également le principe actif CleanAir qui permet de purifier l'air intérieur.

- 1 Revêtements muraux aux motifs originaux
- 2 Revêtements muraux à effet bicolore purifiant l'air intérieur

For enduringly more beautiful and healthier living spaces

ADFORS Novelio® Decoration wallcoverings are paintable, and being made of glass fibre: last a long time without scuffing and scratching, and capture the imagination with their original designs. Free of any PVC, comprising entirely from natural materials, they allow the walls breathe. What's more, using CleanAir technology they keep the air in your rooms fresh and clean for longer.

- 1 Wallcoverings with original woven patterns
- 2 Two-tone wallcoverings that purify the air in the room

Decorate your home in your own style
With Novelio® Decoration
glassfibre wallcoverings

motifs originaux**

**Wallcoverings
with original
woven patterns**

Un matériau durable aux multiples avantages:

Fibre de verre

La fibre de verre est un matériau durable qui ne s'altère pas avec le temps.

Résistant aux chocs

Les revêtements en fibre de verre sont durables et résisteront à l'abrasion et aux chocs.

Repeignable

Les produits de la gamme Décoration peuvent être remis en peinture.

Pour un air sain

La classe A+ garantit de très faibles émissions des composés organiques volatiles.

Fabriqué avec des matériaux sans danger pour la santé

La certification Oeko-Tex standard 100 garantit l'utilisation de substances qui ne sont dangereuses ni pour l'environnement ni pour la santé.

Résistant au feu

Excellente réaction au feu: Euroclasse B-s1,d0 sur support A1 ou A2.

They stand out on your walls:

Glass fibre

Durable and breathable material that is not affected by either water or the sun, providing the wallcoverings with unique features.

Impact resistant

They are strong enough to withstand scrapes, they are not damaged by chair backs and they are hard-wearing, to withstand scuffs and scrapes from luggage.

Repaintable

Wallcoverings can be repainted.

Breathe friendly

Class A+ stands for the lowest emissions of volatile substances, lowest risk of inhaling toxics.

Made of non-toxic material

Oeko-Tex 100 certification guarantees use of substances safe both for your health and the environment.

Fire resistant

Euroclass B-s1,d0 on substrate A1 or A2.

**Revêtements
muraux à effet
bicolore purifiant
l'air intérieur**

**Two-tone
wallcoverings
that purify the air
in the room**

Un revêtement mural novateur:

Purifie l'air intérieur

Ces revêtements muraux possèdent la technologie CleanAir qui purifie l'air intérieur (réduction de la concentration en formaldéhyde jusqu'à 70%) et ce pendant plus de 10 ans.

Bicolore

Son enduction sablée permet d'obtenir un effect bicolore en une seule couche de peinture.

Fibre de verre

La fibre de verre est un matériau durable qui ne s'altère pas avec le temps.

Résistant aux chocs

Les revêtements en fibre de verre sont durables et résisteront à l'abrasion et aux chocs.

Peignable et arrachable à sec

Ces produits sont arrachables à sec.

Pour un air sain

La classe A+ garantit de très faibles émissions des composés organiques volatiles.

Fabriqué avec des matériaux sans danger pour la santé

La certification Oeko-Tex standard 100 garantit l'utilisation de substances qui ne sont dangereuses ni pour l'environnement ni pour la santé.

Résistant au feu

Excellente réaction au feu: Euroclasse B-s1,d0 sur support A1 ou A2.

They make for pleasant ambience:

Effective against contaminants

Wallcoverings that benefit from CleanAir technology permanently remove up to 70% of formaldehyde vapours. They keep cleaning the air in your rooms for over 10 years.

Two-tone

The wallcoverings have a structure which when painted with a single colour shows up in two shades, making the patterns stand out better.

Glass fibre

Durable and breathable material that is not affected by either water or the sun, providing the wallcoverings with unique features.

Impact resistant

They are strong enough to withstand scrapes, they are not damaged by chair backs and they are hard-wearing, to withstand scuffs and scrapes from luggage.

Repaintable

Wallcoverings can be easily stripped without waste.

Breathe friendly

Class A+ stands for the lowest emissions of volatile substances, lowest risk of inhaling toxics.

Made of non-toxic material

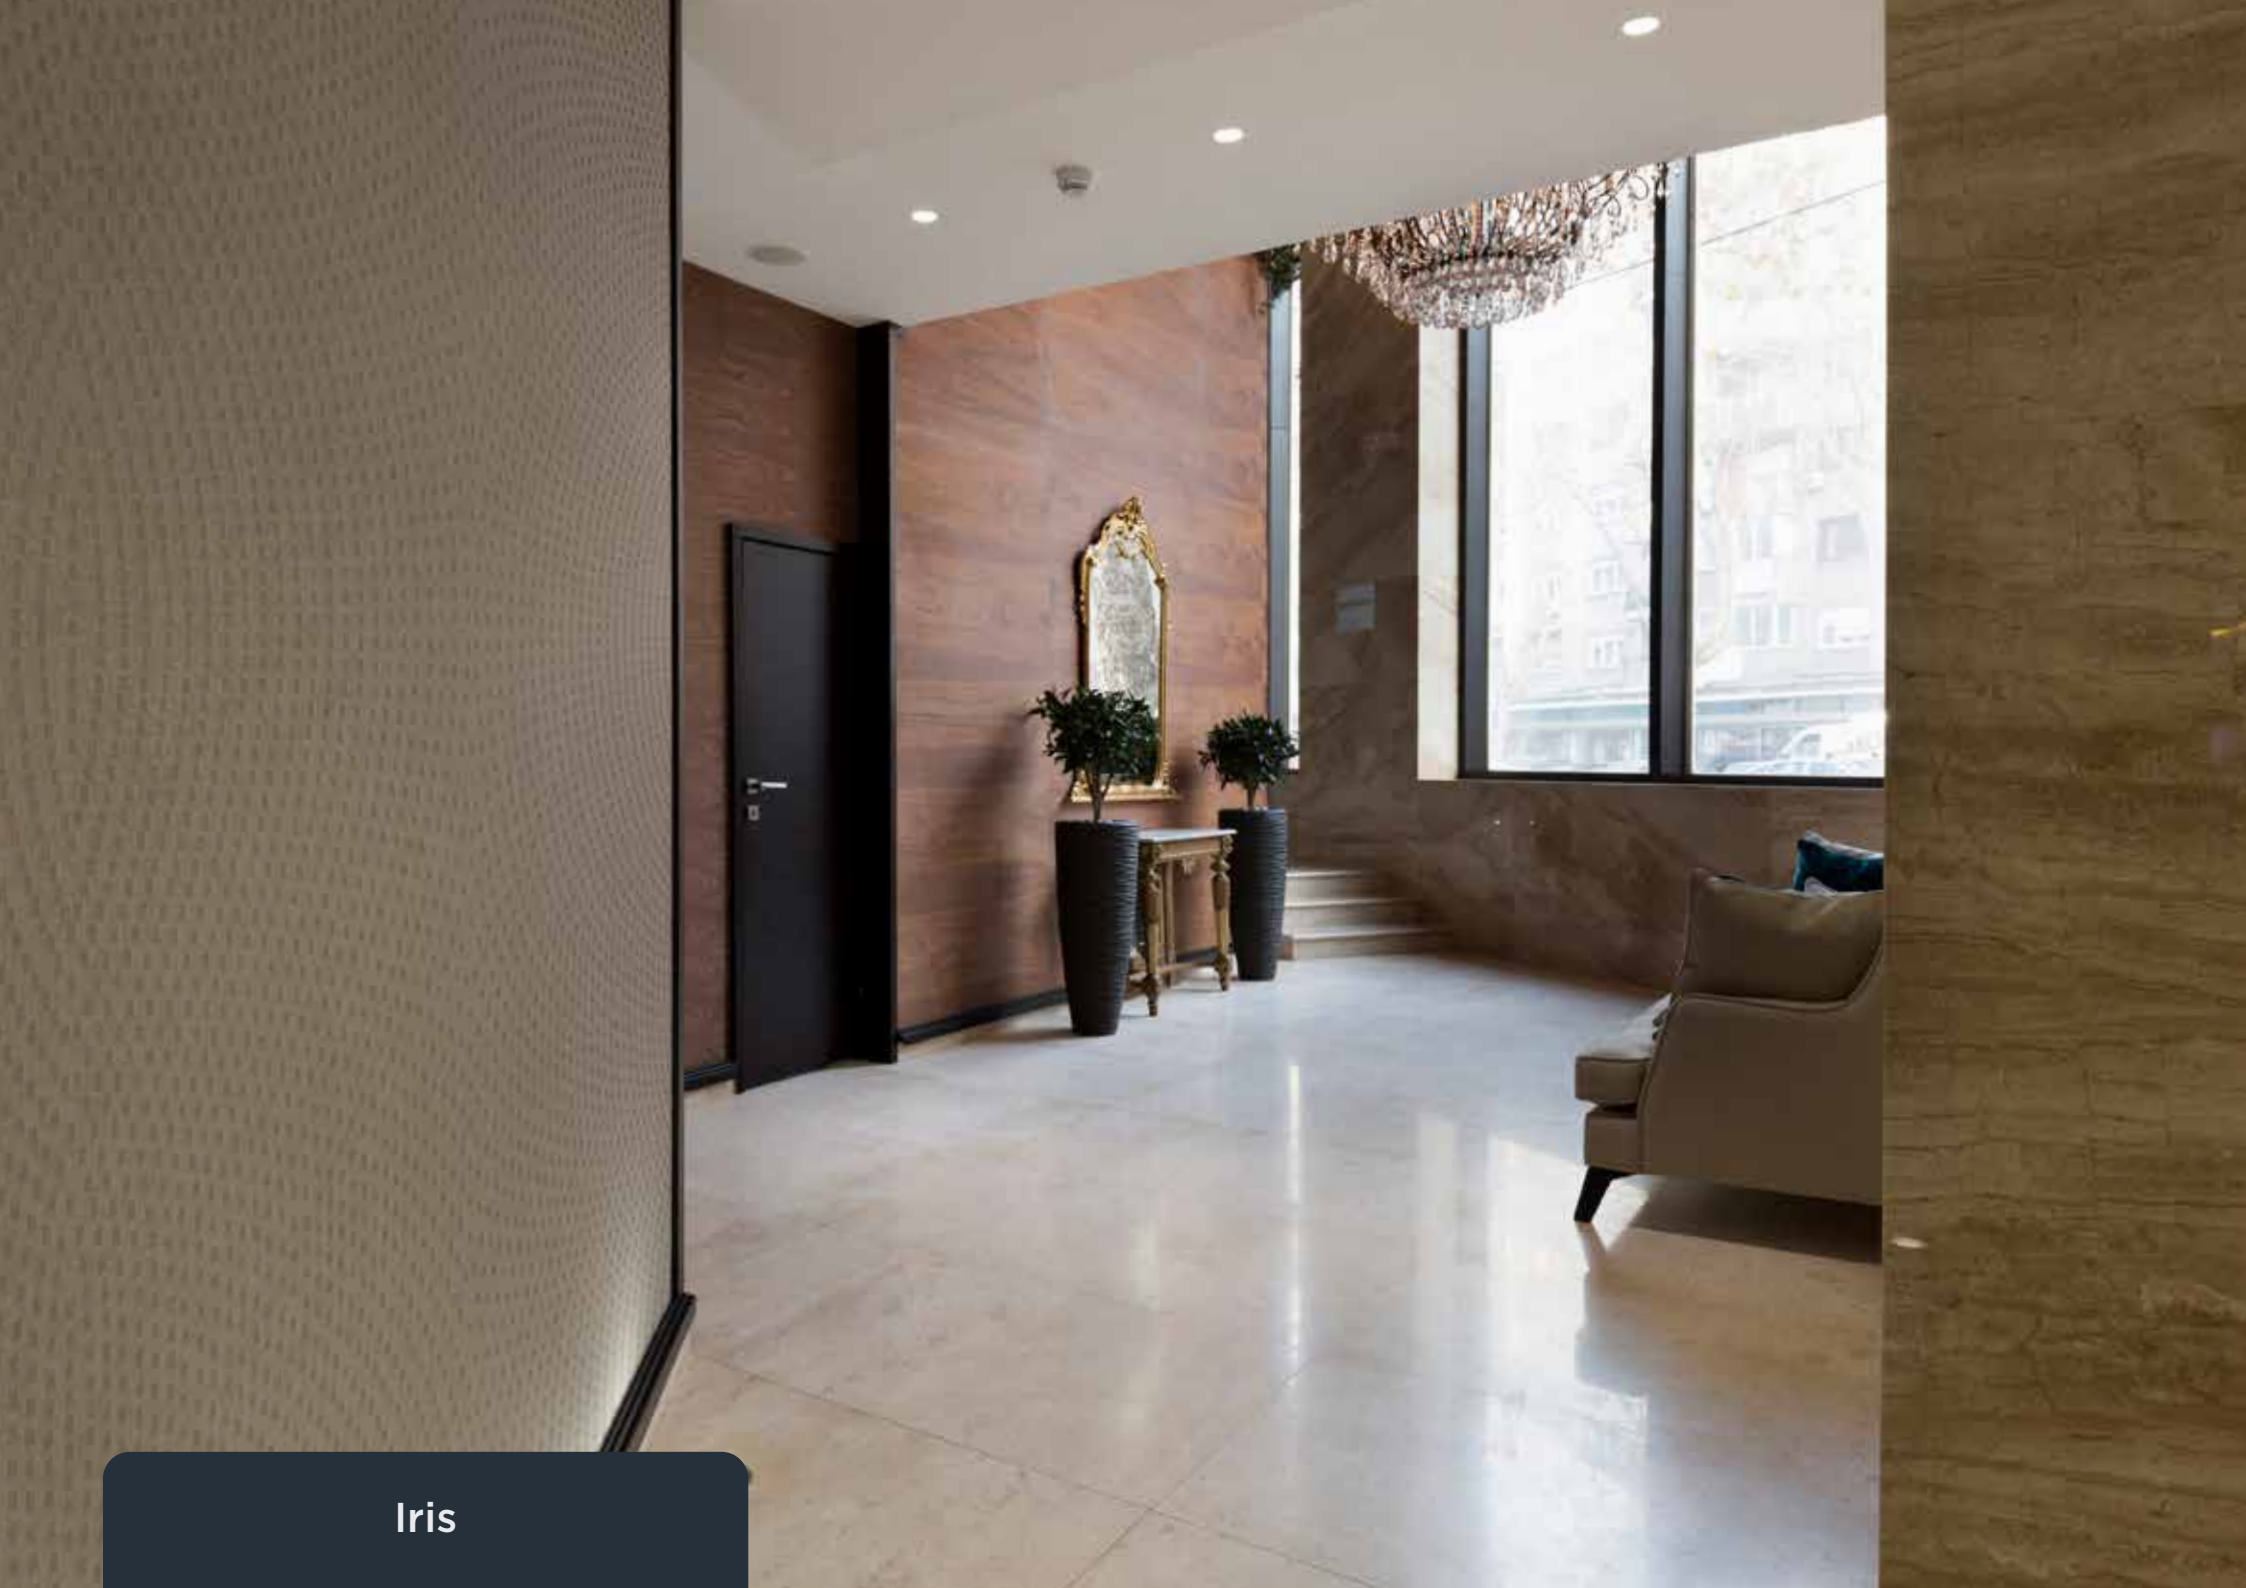

Oeko-Tex 100 certification guarantees use of substances safe both for your health and the environment.

Fire resistant

Euroclass B-s1,d0 on substrate A1 or A2.

Instructions

The wall must be clean (no dust, dirt or grease), dry, even and primed.
Temperature should not be below 8 °C.

1. Cut to length according to room height (+10 cm).
2. Apply the dispersion adhesive evenly on the wall using a roller (-200 g/m²).
3. Place the wallcovering panel on the wall vertically and smooth it with a soft plastic roller.
4. Place the adjacent panel edge to edge (respect vertical pattern repeat). Clean excess of glue at the joint with a clean tissue. Repeat steps 1, 2, and 3 with other panels until you have finished the room.
5. Cut off any surplus with a knife.
- 6a. Dual tone products (sand coated) - Apply a 1st layer of acrylic paint when the product is dry (-1 day).
- 6b. Apply a 1st layer of acrylic paint when the product is dry (-1 day).
Apply a 2nd layer of acrylic paint when the product is dry (-1 day).

The glass fibre fabric is carefully checked before leaving our factory but should also be checked again just before hanging.
Any claim should be accompanied with roll label and a sample featuring the defect.

Saint-Gobain ADFORS – innovation, renforcement et durabilité

ADFORS Novelio® Decoration est fabriqué par Saint-Gobain ADFORS, leader mondial dans le développement et la production de produits de renfort en fibre de verre pour matériaux de construction. Nous offrons des solutions uniques et adaptées à chaque besoin grâce à notre technologie innovante de fibrage et aux multiples modes de tissage disponibles. Nous apportons une attention toute particulière au respect de l'environnement.

Saint-Gobain ADFORS – innovative, strong and sustainable

ADFORS Novelio® Decoration is produced by Saint-Gobain ADFORS. We are a global leader in the development and production of reinforcement fabrics for the construction industry. Our innovative glass fibre weaving technology enables us to manufacture unique products and tailor-made solutions. We always care about the environment and your health.
